ICELANDIC SENIOR GOLF ASSOCIATION

**ESGA TROPHIES
XLI SENIORS 55+ TEAM
CHAMPIONSHIP & CUP
ICELAND 2024**

Dear golf friends from Europe.

The Icelandic senior golf association kindly welcomes you to Iceland to participate in the ESGA golf tournament for seniors 2024.

We invite you to visit the land of contrasts, nature, weather, people, and golf.

When the Vikings first came to Iceland, they were surprised by how astonishing the landscape was and we truly hope that our beautiful country will give you the same experience.

The courses we have chosen for you to compete in are in Reykjavik and Mosfellsbær. They lie between mountains, the sea and our lovely salmon fishing river which illustrates that landscape perfectly.

We hope that you will take the time to see more than the golf courses and recommend a visit to the countryside where you can see Þingvellir where the first parliament was established in the year of 930, the hot springs at Geysir and the beautiful waterfall Gullfoss, among other exciting attractions.

We also recommend the Icelandic swimming pools where the locals go for a swim and relax in the hot tubs.
We look forward to seeing you in Iceland next year.

Gauti Gretarsson

President of Iceland Golf Association

ESGA Seniors Championship Korpa, The Sea / The River

Par 71. 6000m of the back tee.
Par 72. 5536 on yellow tee
Par 72. 5031 on blue tee.

[Sjórinn - golfmyndir](#), [Áin - golfmyndir](#)

The first 9 holes, Sjórinn (the sea) lie around residential areas and along the sea. Most of the holes are open but very challenging and players must be careful not to let the beautiful view distract them. On a good day, seals lie on rocks a few tens of meters from the tee on the 7th and 8th holes.

The back 9 holes, Áin, (the river) run along and across the river Korpa. Much narrower fairways and even forest around. The 18th hole is particularly beautiful with a tee shot over the river Korpa and the gorgeous 18th green is very close to the clubhouse.

The Hlíðavöllur course is truly a feast for the eyes. The very first impression is the stunning views and great food in the modern clubhouse.

The 18-hole championship course plays down and along the ocean, with the bay and majestic Esja mountain as a backdrop.

The relatively ample fairways, large greens and excellent condition of the course will assure that your round is nothing but pleasure!

In the summer, colonies of Arctic Terns nest by the shores of the 12th -15th holes. It's quite an experience to get so close. Birds such as Eurasian oystercatchers, European golden plovers, White wagtails, and many others reside by the fairways of Hlidavollur.

Every year, Hlidavollur hosts major tournaments for all age groups. The National Stroke Play Championship was held at Hlíðavöllur for the first time in 2020.

Hlíðavöllur has for the last years been known for the good quality of playing surfaces and the course gives you an opportunity to score well with a lot of risk/rewards shot.

Golfklúbbur Grindavíkur (Grindavik GOLF CLUB)

ESGA Presidents, presidents Ladies and accompanying Ladies Cup, Grindavík Golf Club. Par 72. <https://gggolf.is/> L 5202 on Yellow and 4076 on red.

Grindavík Golf Club lies about 7 km from the Blue Lagoon. The course is 18 holes, with five of them on the banks by the sea, and thirteen north of the main road stretched nicely into the lava.

First, the holes in the upper course are played into the lava. Then the field is played back and forth on the next three holes and finally the trays are played.

The course is therefore full of contrasts and is divided into three parts with a typical coastal course, overgrown farmland, and the third part with paths that surround the lava.

Húsatóftavöllur is in a crack area and opens majestic ravines facing golfers on many courses of the upper course. It can be said that this is a true natural pearl because it stands on the plate divide where the Eurasian album and the American album meet in all their glory. The course is considered rather easy on the foot.
